About the Kentucky Candidate Information Survey (KCIS) . . .

- The purpose of the **KCIS** is to reliably report candidates' views to voters, thereby improving:
 - 1) voter knowledge of the candidates;
 - 2) voter participation; and therefore,
 - 3) the quality of the democratic process.
- The **Survey** is designed to neutrally, yet concisely, report the candidates' views in their own words on a broad range of issues. Each candidate was asked to respond to the assertions listed and was given 20 words to qualify his or her response. This issues-only, head-to-head approach avoids pushing a particular agenda, but at the same time, cuts through the political rhetoric often found in campaign literature.
- The **Survey** is a non-partisan project of the Family Trust Foundation of Kentucky, a non-profit educational organization founded in 1989. The Trust was incorporated in order to encourage and strengthen families and family life in our state. Encouraging responsible citizenship and increasing voter participation are two of its objectives.
